

HUSSAIN ABDULLA SADAT

PROJECT & INSTALLATION MANAGER

🏠 East Kazipara, Mirpur 📞 +88 01671-592952 ✉ md.sayket@gmail.com

CAREER SUMMARY

Results-driven Telecom Project & Installation Manager with 10+ years of experience managing large-scale telecom network rollout, implementation, modernization, installation, and dismantling projects across Bangladesh. Proven track record of delivering 4000+ telecom sites with 100% on-time completion, leading cross-functional teams, managing vendors and ASPs, coordinating with telecom operators, and controlling project execution from planning through site acceptance and handover. Strong expertise in 2G/3G/4G/LTE/5G-ready network deployment, project planning, site implementation, material logistics, supply chain coordination, quality assurance, stakeholder management, KPI tracking, risk and issue management, and process improvement. Experienced with major telecom organizations including LM Ericsson, Banglalink, Robi, and edotco.

CORE COMPETENCIES

- End-to-End Project Management
- Project Planning & Scheduling
- Risk & Issue Management
- Site Implementation & Acceptance
- Material Planning & Dismantling
- Vendor & ASP Management
- Stakeholder & Client Management
- Cross-functional Team Leadership
- Adaptability & Fast Learning
- Reporting & Data Analysis
- Supply Chain & Material Logistics
- Inventory & Asset Tracking Systems
- Quality Assurance & Compliance
- Problem Solving & Root Cause Analysis

PROFESSIONAL EXPERIENCE

INSTALLATION ENGINEERING MANAGER June 2023 – January 2025

 **LM Ericsson Bangladesh Ltd.**

Key Projects/Scope:

- Robi RED Sea | CCDL26 – TDD Technology Deployment (2023–2025)

Key Responsibilities & Achievements:

- Led end-to-end deployment of 4,000+ telecom network sites across Bangladesh, ensuring 100% on-time project delivery.
- Directed nationwide installation, commissioning, integration, acceptance, and dismantling activities.
- Managed cross-functional teams including Project Managers, ASPs, subcontractors, logistics teams, and field engineers.
- Improved logistics and material utilization, increasing operational efficiency by 20%.
- Reduced average site implementation turnaround time by 20% through process standardization and workflow optimization.
- Ensured adherence to Ericsson installation standards, HSE requirements, and customer KPIs.

MATERIAL SUPPORT ROLLOUT ENGINEER March 2023 – May 2023

 **Banglalink Digital Communications Ltd.**

Key Projects/Scope:

- Telecom Network Rollout – Material & Supply Chain Support

Key Responsibilities & Achievements:

- Managed material planning and supply chain coordination for telecom rollout activities.
- Coordinated with vendors and internal teams for timely material delivery.
- Monitored inventory availability against project rollout requirements.
- Improved material delivery accuracy by 15% through improved vendor coordination.
- Optimized inventory management to reduce material shortages and excess stock.

IMPLEMENTATION ENGINEER September 2021 – November 2022

 **LM Ericsson Bangladesh Ltd.**

Key Projects/Scope:

- RRUS Modernization_807 | Dhaka – New RRUS & BB Deployment (2022)
- RRUS Modernization_980 | RNC Expansion (2021–2022)

Key Responsibilities & Achievements:

- Managed telecom site implementation activities across rollout and modernization projects.
- Coordinated field engineers, vendors, and ASP teams to achieve project milestones.
- Monitored site implementation progress and resolved technical and operational issues.
- Coordinated installation, site readiness, acceptance, and documentation.
- Supported project reporting and stakeholder coordination.

TECHNOLOGY OPERATIONS & QA SPECIALIST (TOC)

December 2020 – August 2021

 **EDOTCO Bangladesh Co Ltd.**

Key Projects/Scope:

- Telecom Network Operations & Technical Support
- Telecom Rollout Quality Assurance & Compliance

Key Responsibilities & Achievements:

- Monitored network activities and responded to real-time operational issues.
- Maintained incident logs and operational records.
- Coordinated with technical teams for issue escalation and resolution.
- Conducted quality audits for telecom rollout and implementation activities.
- Maintained QA documentation, audit records, and compliance reports.
- Coordinated corrective and preventive actions with implementation teams.
- Achieved 98% quality compliance across telecom rollout activities.
- Improved incident tracking through structured operational logs and reporting.

IMPLEMENTATION COORDINATOR

November 2017 – November 2020

 **LM Ericsson Bangladesh Ltd.**

Key Projects/Scope:

- BB Modernization – Abis IP & BB Deployment (2019–2020)
- LTE | EGSM – 4G Deployment & BTS Swap (2018)
- 3G Deployment (2017)

Key Responsibilities & Achievements:

- Coordinated telecom site implementation activities across multiple projects.
- Coordinated field teams, ASPs, vendors, and project stakeholders.
- Monitored implementation progress against project schedules.
- Supported issue identification, escalation, and resolution.
- Prepared progress reports and implementation updates.
- Analyzed project data to identify operational gaps and improvement opportunities.

FIELD SERVICE ENGINEER (FSO)

January 2016 – November 2016

 **LM Ericsson Bangladesh Ltd.**

Key Projects/Scope:

- CC Swap | E1 Cascading – BTS Swap & Multi-Drop Deployment (2016)

Key Responsibilities & Achievements:

- Installed, commissioned, and maintained BTS and transmission systems.
- Performed field troubleshooting and technical support.
- Supervised field operations and ASP teams.
- Supported corrective maintenance and issue resolution.
- Conducted field testing and ensured equipment installation requirements were met.

SYSTEM ENGINEER

April 2015 – December 2015

 **WELKIN Telecom Infra (BD) Pvt. Ltd.**

Key Projects/Scope:

- Microwave Transmission System Deployment & Commissioning

Key Responsibilities & Achievements:

- Commissioned microwave radio transmission systems. Performed PDH, E1, and BER testing.
- Provided technical support for BTS-related issues.
- Supported microwave installation, testing, commissioning, and troubleshooting.
- Successfully supported microwave transmission commissioning and activities.

EDUCATION

BACHELOR OF SCIENCE (B.SC.) IN ELECTRICAL & ELECTRONIC ENGINEERING

2009 – 2014

American International University–Bangladesh (AIUB)

Coursework: Microwave Engineering, Computer System Architecture Perform

HIGHER SECONDARY CERTIFICATE (HSC) – SCIENCE

2006 – 2008

Kushtia Government College, Kushtia / Jessore Board

SECONDARY SCHOOL CERTIFICATE (SSC) – SCIENCE

2003 – 2005

Kushtia Zilla School, Kushtia / Jessore Board

SOFTWARE & TECHNICAL SKILLS

- | | |
|----------------------------------|------------------------------------|
| ➤ Microsoft Excel – Advanced | ➤ Dismantle Asset Management (DAM) |
| ➤ Microsoft PowerPoint | ➤ Rich Site Summary (RSS) |
| ➤ Microsoft Outlook | ➤ Operation & Maintenance Terminal |
| ➤ Ericsson Network Manager (ENM) | ➤ Mini-Link Craft |
| ➤ RBS Element Manager | ➤ Smart Laptop Configuration |

KEY ACHIEVEMENT

- Delivered 4,000+ telecom sites with 100% on-time completion.
- Improved logistics and supply chain efficiency by 20% through process optimization.
- Reduced site turnaround time by 20% through standardized implementation procedures.
- Increased material delivery accuracy by 15% through effective vendor coordination.
- Achieved 98% quality compliance across telecom rollout activities.
- Implemented real-time inventory and asset tracking to improve resource allocation.
- Developed standardized site acceptance and dismantling procedures for consistent project execution.
- Successfully coordinated vendors, ASPs, field teams, and telecom operator stakeholders across large-scale rollout activities.

CIRTIIFICATION

- **ANTI-CORRUPTION 2.0**
Maincon Interactive in cooperation with Ericsson
Training focused on anti-corruption awareness, ethical business practices, compliance, integrity, and responsible decision-making in the workplace.
- **OCCUPATIONAL HEALTH & SAFETY (OHS)**
Professional Training
Covered workplace safety practices, hazard identification, risk assessment, safety procedures, incident prevention, and safe working practices for field and site operations.
- **PROJECT MANAGEMENT**
Professional Training / Professional Development
Covered project planning, scheduling, resource coordination, risk management, stakeholder communication, progress monitoring, reporting, and project delivery.
